

VETiS Funding Eligibility

Vocational Education and Training in Schools Initiative, funded by the Queensland Government

The Queensland Government's VET Investment Budget only subsidises qualifications (Certificate I and II level only) that have been identified by industry as leading to employment.

Binnacle Training is approved as a Pre-qualified Supplier (PQS) to deliver Certificate II in Sport and Recreation (SIS20115) as a Vocational Education and Training in Schools (VETiS) funded qualification.

Sport Specialty or Fitness Formats:

Due to the Queensland Government's focus on strictly subsidising employment-led qualifications, it is Binnacle's decision to only offer VETiS funding for eligible students undertaking the [Certificate II in Sport and Recreation](#) in a [Sport Specialty format](#) (whereby students undertake one or more sport-specific accreditations in officiating and/or coaching) or if embedded in Binnacle's Certificate III in Fitness.

NEW in 2017: VETiS funded Certificate II in Sport and Recreation embedded in Binnacle's Certificate III Programs (Sport & Recreation AND Fitness). [See here >](#)

Under the PQS system, funding follows the eligible student to their chosen PQS and is paid directly to the PQS on submission of the student's validated training data.

VETiS funded by the VET investment budget **is fee-free for students**. Under Binnacle's partnership arrangement with schools, this means that the school should not pass on any fees to the student where this has been subsidised through VETiS.

The VET investment budget will only fund one employment stream qualification. This in mind, if you have previously enrolled in a VETiS funded qualification prior to enrolling in this program, you will:

- be ineligible for this program to be offered as a VETiS-funded qualification, however
- still be able to enrol into the Binnacle Certificate II as a 'fee for service' student.

At the time of official enrolment into this qualification, students will be given the option to either:

- select this program as their one VETiS-funded qualification; or
- advise Binnacle that you choose not to use this program as your one VETiS-funded qualification [e.g. you have previously used (or intend to use) an alternative qualification as VETiS-funded].

For further information, please refer to the Queensland Government's student fact sheet developed specifically for VETiS program (see link below) or contact Binnacle administration.
